

Are you worried that yourself or relative are becoming more unwell whilst in hospital?

Follow these simple steps for support:

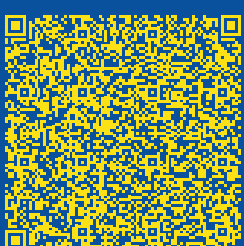

STEP 1 Firstly, discuss your concerns with the ward nurses and doctors responsible for your or their care.

STEP 2 Are your concerns resolved? If not, do you need more help?

STEP 3 Call 4 Concern on telephone number: **07704021244** Please leave your name, ward, contact number and brief overview of your concern.

The Critical Care Outreach Team are available to help resolve concerns you may have about your clinical condition or treatment.

They will work with you, your family and ward staff to ensure the most appropriate management plan and treatment options are in place to address your specific health concerns.
