

Orthoptic Check at School

The orthoptist will come to my school to check my eyes

I will be asked to wear some special glasses or a pirate patch to play a picture or letter game

I will be asked to look at some pictures while the orthoptist plays “peak a boo” with my eyes

I will be asked to look at a light and follow it with my eyes

I will be asked to look through a “magic window” with each eye at a picture

I will be asked to find the “magic circle” in the square, or to find shapes on the small card
