

# Did you know patients with dementia can be fast tracked?

Please contact the **PALS** team 48 hours before the clinic appointment on **01772 522972** or email: **PALS@lthtr.nhs.uk**

Where possible and appropriate the patient can be fast tracked through clinic on the day and additional support made available via our Dementia Champions. Fast tracking is also available for carers of patients living with dementia via PALS
